I am well pleased with the effects of your INDIAN HERBS, and it has given perfect satisfaction wherever it has been taken. The sale for it is spreading like wild-fire and I have many wonderful testimonials. One doctor states that I have ruined his practice already to the extent of \$500. Send me 12 dozen boxes, the same as the last order, and I hope soon to be able to order in larger quantities.

I have been taking INDIAN HERBS for about two months, and when I began I had no idea that it would accomplish what it has. I took it for Rheumatism, which I had been troubled with for 20 years, and before using INDIAN HERBS I could not walk half a mile and get back home. I had been this way for three months and suffered all the time, and now I can walk 30 miles and it does not hurt me. I am doing my best to convey it to everyone who is suffering with Rheumatism. I think I can safely say I am a well man from using INDIAN HERBS.

I have a good agent for Dunklin County, if you can assign me the same. I will order 24 dozen boxes in a week—12 dozen for him and 12 dozen for myself.

Enclosed find express office order, for which please ship me my usual amount of medicine—three dozen. It seems to be in great demand, and I expect to sell at least \$1,000 worth this Fall, so please do not delay in sending this small order. I will give larger order next time.

I like to sell your INDIAN HERBS, for it sells well and is benefiting everyone who tries it. I enclose post office order for more medicine and trust my next order may be still larger.

I have no idea of giving up the agency for INDIAN HERBS. I cannot find anything that is better for the class of diseases INDIAN HERBS is recommended for. There are a great many people who say they could not do without it and it is a great deal cheaper than any other medicine sold throughout the country by agents, or any other way, for, while INDIAN HERBS sells for \$1.00 a box and makes three quarts, other medicines sell for \$1.00 a pint and do not give as much benefit.
